

## A. NACH FAQ's

### **1.What is NACH?**

The National Payments Corporation of India (NPCI) offers to banks, financial institutions, Corporates and Government/s a service termed as “National Automated Clearing House (NACH)” which includes both Debit and Credit. It shall be referred to as NACH. NACH (Debit) & NACH (Credit) aims at facilitating interbank high volume, low value debit/credit transactions, which are repetitive in nature, electronically using the NPCI service.

### **2.What is Mandate Management System?**

Mandate Management System is a service of NACH Debit which facilitates the process of Mandate Creation, Mandate Amendment, and Mandate Cancellation and offers all MIS related to the Mandate.

- Mandate Creation: Creation of a new mandate in favour of the User Institution.
- Mandate Amendment: Amendment of any of the variables of an existing Mandate, which is Active. UMRN needs to be quoted for Amendment.
- Mandate Cancellation: Cancellation of an active mandate – UMRN is required to be quoted

### **3.Can the customer approach the user institution for withdrawal of mandate issued?**

Yes, all the user institutions should provide a facility that shall include physical request, online request including request through registered email of the customer. on receipt of withdrawal instructions from its customer, it is obligatory on the part of the User institution not to include the transaction pertaining to such customers.

### **4.Can the customer approach his / her bank for withdrawal of mandate issued?**

The account holder / customer is also entitled to withdraw the mandate / debit instruction from his / her banker without involvement of the User institution. The withdrawal instructions of a customer in such cases would be treated equivalent to a 'stop payment' instruction in cheque clearing system. The destination bank branches would provide such withdrawal of mandate information to the Users, on request. Thereafter, the User institution shall stop including the relative transaction in the debit files, after receipt of such countermanding by the customer.

### **5.How to Apply for NACH?**

## B. NACH Process User Guide

### Objectives of NACH

- **Streamline Payment Processes:** NACH aims to simplify and automate payment procedures, reducing manual intervention and enhancing efficiency.
- **Facilitate Direct Debit:** It enables businesses to collect payments directly from customers' bank accounts, ensuring timely and hassle-free transactions.
- **Enable Bulk Transactions:** NACH facilitates bulk transactions such as salary payments, vendor payments, and recurring bill payments in a cost-effective manner.
- **Enhance Financial Inclusion:** By offering a reliable and accessible payment infrastructure, NACH promotes financial inclusion by catering to individuals and businesses across diverse segments.
- **Ensure Security and Compliance:** NACH adheres to stringent security protocols and regulatory standards, ensuring the confidentiality and integrity of transactions while complying with relevant regulations.

### What is a NACH Form?

A NACH (National Automated Clearing House) form is a document used by individuals or businesses to authorise automated transactions, providing consent for

debits or credits from their bank accounts for recurring payments, such as loan EMIs or utility bills.

### **What is the Process of Availing NACH?**

To avail NACH, individuals or businesses must fill out a NACH mandate form provided by their bank, NBFC or service provider, authorising automated transactions. Once submitted, the issuer's bank verifies the mandate, and upon approval, automated payments commence as per the specified instructions.

### **Benefits of NACH**

- **Convenience:** NACH offers hassle-free automated payments, eliminating the need for manual transactions and ensuring timely payments.
- **Cost-Effectiveness:** It reduces transaction costs associated with paper-based processes, saving businesses and individuals time and money.
- **Accuracy:** Automated transactions through NACH minimise human error, ensuring precision and reliability in payment processing.
- **Improved Cash Flow Management:** With scheduled payments, NACH aids in better cash flow management for businesses and individuals by ensuring timely inflows and outflows.
- **Enhanced Security:** NACH transactions are conducted electronically, reducing the risks associated with physical cash handling and providing a secure payment environment.

### **Benefits to the NBFC**

- **Improved Efficiency:** NACH streamlines payment processes for NBFCs, reducing manual efforts and operational costs associated with transaction processing.
- **Enhanced Customer Experience:** Automated payments through NACH offer convenience to customers, leading to higher satisfaction and loyalty.
- **Reduced Default Risk:** Timely and automated loan repayments through NACH help mitigate default risks, ensuring better portfolio management for NBFCs.
- **Regulatory Compliance:** NACH facilitates adherence to regulatory requirements, ensuring NBFCs remain compliant with applicable guidelines and standards.
- **Scalability:** NACH accommodates growing transaction volumes, enabling NBFCs to scale their operations efficiently as their customer base expands.

## Benefits to the Customers

- **Convenience:** NACH offers customers hassle-free automated payments, eliminating the need for manual transactions and ensuring timely bill payments.
- **Timely Payments:** Automated transactions through NACH ensure that bills, loan EMLs, and other payments are processed on schedule, reducing the risk of late fees or penalties.
- **Cost Savings:** Customers save time and money by avoiding the costs associated with physical visits to banks or manual payment processing.
- **Enhanced Financial Planning:** With predictable payment schedules, customers can better manage their finances and budget effectively.
- **Secure Transactions:** NACH transactions are conducted electronically, reducing the risks associated with cash handling and providing a secure payment environment for customers.

## Features of NACH Mandate

- **Authorization:** NACH mandates authorised banks or service providers to initiate automated transactions from the customer's bank account.
- **Flexibility:** Mandates can be set up for various payment frequencies, including one-time, recurring, or periodic payments.
- **Modification:** Customers can easily modify or update their mandates to change payment amounts, frequencies, or other parameters as needed.
- **Cancellation:** Customers have the option to cancel NACH mandates at any time, providing flexibility and control over their automated payments.
- **Security:** NACH mandates adhere to strict security protocols, ensuring the confidentiality and integrity of customer banking information.

## Importance of NACH

NACH (National Automated Clearing House) is vital for streamlining electronic transactions, offering convenience, efficiency, and security. It facilitates automated payments, enhancing financial inclusion and fostering a robust banking ecosystem.

## How to Apply for NACH?
